Dear Parents,

As a parent of a current year 4, 5 or 6 student, you are invited to the unveiling of an exciting new initiative that Benalla P-12 College will be undertaking from 2015. We will be replacing the student 1 to 1 Netbook program with revolutionary iPads as personal devices for years 5, 6 and 7 in 2015. These personal devices will allow teachers and students at Benalla P-12 College to embrace modern teaching and learning practices, both in the classroom and at home. The iPads offer advanced educational features that will increase student engagement and creativity. Additional information will be sent out directly to parents in the coming weeks about the other benefits of the iPads. We will be unveiling the initiative to both students and parents across the various campuses on the following dates:

- Waller St Campus Monday 23rd June at 2.30pm
- Avon St Campus Tuesday 24th June at 2.30pm
- Faithfull St Campus Thursday 26 June at 6.00pm

For further information contact Avon, Waller or Faithfull St Campus Administration Offices.
