Personal Grooming Workshops at Benalla P-12 College

‘Hands On Learning’ students from Benalla P-12 College completed a personal grooming workshop conducted by the college’s VET Hairdressing trainer, Helen Roscoe. The full day program for boys from years 7, 8 and 9 included care of skin, hair, nails and clothing, together with tips for face shaving and personal hygiene. Students also studied OHS regulations relevant to the salon environment and learnt about correct etiquette for table service and table setting. This very successful program was also extended to include some Year 12 students studying VCAL and several VET Hairdressing graduates volunteered to assist with the delivery of this workshop.
