Benalla P12 Students Walk-a-thon Raises Money for Play Equipment

Benalla P-12 College students raise funds to put towards vital playground equipment by participating in a Walk-a-thon around Lake Benalla last Thursday.

Commencing early in the day and braving the heat students from years Foundation to Years Four walked a 2 km track while years Five to Ten completed a lap of the lake.

Family members, members of the community sponsored the students with donations to walk the lake as part of the event.

Principal Barbara O’Brien said “I was so proud of our students participating in the event. This was a fun event for our students and staff and it was lovely to see so many family members participating in the Walk-a-thon as well. We want our students to be fully involved in the fund raising activities at our school. The money will be used to purchase playground equipment for the Faithfull St Campus with students input.”

Anyone wanting to make a donation can contact Benalla P-12 College on 5761 2777.
