Students from the Faithfull and Barkly Campuses at Benalla P-12 College have recently raised over $450 for cancer research by hosting a Biggest Morning Tea.

Student Representative Council Leaders (SRC) from both campuses have worked hard to put on a fantastic spread of food for their peers and teachers. The SRC leaders contacted local businesses to call for donations in order to help raise as much money as possible. Teacher, Lianna Collins said “We would like to publicly thank Hides Bakery, Bertalli’s Bakery, Coles and Woolworths who all rallied behind the students and donated various goods for the day. Families and staff also donated baked goods resulting in copious amounts of food to be enjoyed by all.

Principal, Barbara O’Brien said “I am very proud of the students, the SRC demonstrated fantastic leadership and organisation skills to host a gathering for all of their peers and teachers. The generosity of the school community is incredible and I look forward to the continuation of such a positive culture in the school.
