Benalla P-12 College Expo Night a Huge Success

The Benalla P-12 College held an Open Day and Expo Night last Wednesday at the Avon, Faithfull and Waller Campuses. It was a huge success with large numbers attending all the Campuses.

Visitors, families and students were entertained by the Indonesian Dancers at the Avon Campus, African Drummers at the Waller Campus and the Music Band at Faithfull Campus. All campuses had hands on activities, information sessions and tours of the campuses. Students, parents and community members were also able to sample the delights of the Bilingual students who made Indonesian fried rice and spring rolls along with the culinary skills of the Stephanie Alexander Garden at the primary campuses.

One of the main attractions on the night was the Hairdressing Salon at the Faithfull Campus were students and parents were pampered on the evening and were treated with getting their hair styled by the VET Hairdressing students. Another main attraction was representatives from the Defence Force, La Trobe, Charles Sturt and Melbourne Universities were students could talk to and find out about courses. Other attractions of the expo included Science Experiments, Automotive Building and those who visited the Art Rooms at the primary campuses were delighted with the mini canvases which were created by students and their families.

Jo Treacy Assistant Principal at the Avon Campus said “it was a fantastic night, is was great to see new parents, current parents, students, ex-students and grandparents and friends at the Avon Campus who were entertained, fed and had fun exploring our campus”.

Paul Challis, Assistant Principal of Barkly Campus said “we will be holding a Senior School Expo on Monday 17 August for current and prospective students in years nine through twelve. This will give student and families the opportunity to come and see what is currently being taught and what will be on offer in 2016.”

If you missed out on the Expo and would like a tour of the school, please call to arrange a suitable time with the Assistant Principal at the relevant Campuses.
